ISI RECEIVES ORDER FOR TWO WLA3000 WAFER-LEVEL MAGNETIC DEVICE TEST SYSTEMS

SANTA CLARA, CA – June 15, 2021: Integral Solutions International (ISI), the world's leading manufacturer of wafer-level Magnetic Device (MRAM, Sensor, Data Storage) testers, announced today an order has been received from a Tier-1 Device Manufacturer for two WLA3000 Wafer-Level Production Test Systems. This order further confirms ISI as the industry leader for all magnetic testing applications at Wafer Level, with configurations ideally suited for MRAM, Magnetic Sensor, and Data Storage industries. ISI has made significant R&D investment (>\$20M) in support of the growing market for devices utilizing magnetic materials in Non-Volatile Memories, Sensors, and Data Storage. ISI has shipped over 1000 Magnetic Device Testers worldwide.
